The OVF reserves the right to deny an evaluation and/or invitation to any ensemble that does not comply.
- 2) The accompanying persons up to a maximum of 8 must meet the criteria of the class entered. The keyboard accompanist in chamber ensemble and concert choir categories need not conform to provision.
- 3) Warm-up rooms will be available 20 minutes prior to performance.
- 4) Performance time is limited to 20 minutes including set-up, sound check (jazz choirs), and performance.
- 5) Each performing group will receive a 30-minute clinic.
- 6) Evaluations will include considerations of stylistic interpretation, intonation, dynamics, attacks, releases, diction, blend, balance, presentation and repertoire selection.
- 7) Groups in all classes should aim for a varied program. Quality repertoire is highly regarded at this festival. A cappella singing, although not required, is encouraged in all classes. If uncertain about appropriate repertoire, please contact the Festival Coordinator. Repertoire lists from past festivals are available on the OVF website (<http://www.ontariovocalfestival.com/repertoire-lists>). For Vocal Jazz and Contemporary groups, all contemporary styles of music are encouraged including Glee style, pop, rock, r&b, swing, latin, funk, fusion, bebop and blues.
- 8) Groups performing in the Concert/Chamber, Vocal Jazz Ensemble or Vocal Jazz Combo classes will perform 3 contrasting selections. Groups performing in the Combination class will perform 2 traditional choral pieces and 2 jazz/contemporary pieces.
Please Note: To be considered for an invitation to MusicFest Canada, groups **must** perform 3 contrasting selections.
- 9) The Ontario Vocal Festival is proud to be a qualifying regional festival of MusicFest Canada. At the discretion of the OVF and in consultation with the clinicians, groups may be invited to participate in MusicFest Canada (repertoire requirement must be met, as noted in 8).
